

## General Atomics Aeronautical Systems (Poway, CA)

- Gray Eagle performance-based logistics; W58RGZ-17-C-0018; 23 Oct 2018
  - o Army Contracting Command, Redstone Arsenal, AL
- MQ-9 weather tolerance activities; 2 Nov 2018
  - o AFLCMC Wright-Patterson AFB, OH (FA8620-19-F-2386)
- MQ-9 production (in FY2018 production configuration); 5 Nov 2018
  - o AFLCMC, Wright-Patterson AFB (FA8620-19-F-2374)
- FMS (**France**): MQ-9 contractor logistics support, phase 3; FA8620-15-G-4040; 4 Dec 2018
  - o AFLCMC, Wright-Patterson AFB
- services on Gray Eagle unmanned aircraft system; W58RGZ-17-C-0035; 13 Dec 2018
  - o Army Contracting Command, Redstone Arsenal
- Linux retrofit kits to retrofit currently fielded Block 30 Ground Control Systems; 21 Dec 2018
  - o AFLCMC Wright-Patterson AFB (FA8620-19-F-2305)
- MQ-9 Reaper support and services; program management, logistics support, configuration management, technical manual and software maintenance, contractor field service representative support, inventory control point management, flight operations support, depot repair, depot field maintenance; 21 Dec 2018
  - o AFLCMC, Robins AFB, GA (FA8528-19-C-0001)
- form (w BAE, Boeing, United Tech [Goodrich], Harris, LM, Raytheon, NG) a collaborative working group of industry partners; work as a single extended entity to develop, evolve, and update via pre-planned product improvement initiatives as well as manage and provide configuration control of the Open Mission Systems and Universal Command and Control Interface standards, collectively referred to as the Open Architecture standards; provides development, updating & management of standards with the following business goals: promote adaptability, flexibility, and expandability; support a variety of missions and domains; simplify integration; reduce technical risk and overall cost of ownership of weapon system programs; enable affordable technology refresh and capability evolution; enable reuse; enable independent development and deployment of system elements; accommodate a range of cybersecurity approaches; 27 Dec 2018 (FA8604-19-D-4020); 2 Jan 2019 (FA8604-19-D-4020)
  - o Air Force Research Lab (AFRL)
- the cut-in of force and vortex capabilities onto existing FY17 aircraft production configuration; FA8620-18-F-2303; 17 Jan 2019
  - o AFLCMC, Wright-Patterson AFB
- FMS (**Netherlands**): four MQ-9 vehicles, four Mobile Ground Control Stations, spares, and support equipment; 21 March 2019
  - o AFLCMC, Wright-Patterson AFB (FA8620-19-F-2310)
- FMS (**France**): MQ-9 Block 1 Weapons integration effort; production & integration of weapons kits onto French MQ-9 Block 1 aircraft; 22 March 2019
  - o AFLCMC, Wright-Patterson AFB (FA8620-19-F-2388)
- FMS (**U.K.**): MQ-9 Reaper contractor logistics support/sustainment at multiple stateside and international locations; 26 March 2019
  - o AFLCMC, Wright Patterson AFB (FA8620-15-G-4040 0017 21)
- FMS (**Spain**): MQ-9 Block 5 procurement action definitization effort; procurement of two MQ-9 aircraft and associated equipment; 29 March 2019
  - o AFLCMC, Wright-Patterson AFB (FA8620-15-G-4040 003401)
- performance based logistics support services for MQ-1C Gray Eagle; 19 April 2019
  - o Army Contracting Command, Redstone Arsenal (W58RGZ-19-C-0027)
- nine months of Group 5 unmanned air system ISR services; supports OCONUS Task Force Southwest and USMC operations utilizing contractor-owned / contractor-operated MQ-9 unmanned air systems → Yuma, AZ (35%); Poway, CA (15%); OCONUS locations (50%); N00019-18-C-1063; 30 May 2019
  - o NAVAIR Patuxent River, MD
- FMS (**U.K.**): MQ-9A depot repair, life cycle sustainment, software maintenance services; 17 June 2019
  - o AFLCMC, Wright-Patterson AFB (FA8620-19-C-2003)
- performance based logistics support services for MQ-1C Gray Eagle; W58RGZ-19-C-0027; 27 June 2019
  - o Army Contracting Command, Redstone Arsenal
- engineering change proposal to upgrade the Warrior Alpha Unmanned Aircraft System fleet to a Gray Eagle Block 0 UAS deployable configuration; W58RGZ-17-C-0035; 28 June 2019
  - o Army Contracting Command, Redstone Arsenal
- contractor logistics support for Gray Eagle → Afghanistan; Poway, CA; 28 June 2019

- Army Contracting Command, Redstone Arsenal (W58RGZ-19-C-0030)
- MQ-1C Gray Eagle (extended range) spares and ground support equipment; W58RGZ-18-C-0037; 30 July 2019
  - Army Contracting Command, Redstone Arsenal
- aircraft, satellite communications air data terminals, universal ground data terminals, program management, and equipment maintenance & repair; 15 July 2019
  - Army Contracting Command, Redstone Arsenal (W58RGZ-19-C-0022)
- integration and testing support for Medium Altitude Long Endurance Tactical (MALET) MQ-9 and MQ-1C Special Operations Forces Peculiar (SOF-p) modifications; procurement of aircraft kits; and analysis & studies to inform government decision on potential future MALET MQ-9 and MQ-1C SOF-p modifications; H92403-18-D-0006; 29 Aug 2019
  - SOCOM Headquarters, Tampa, FL
- performance based logistics support services for MQ-1C Gray Eagle UAS; W58RGZ-19-C-0027; 5 Sept 2019
  - Army Contracting Command Redstone Arsenal
- conversion of nine Hunter Universal Ground Control Stations; W58RGZ-17-C-0018; 30 Sept 2019
  - Army Contracting Command Redstone Arsenal
- engineering and technical support services for Joint Technology Center / System Integration Laboratory and its customers in the accomplishment of the UAS segment of its training mission; 30 Sept 2019
  - Army Contracting Command Redstone Arsenal (W31P4Q-19-F-0707)

#### General Atomics Electromagnetics Systems Group (San Diego, CA)

- Electromagnetic Aircraft Launch System (EMALS) spare parts [manufacture, assembly, inspection, integration, test, delivery] for CVN-78 → San Diego, CA (37%); Boston, MA (18%); Tupelo, MS (10.7%); Aston, PA (5.8%); Guilford, CT (4.4%); San Leandro, CA (3.5%); Cincinnati, OH (2.6%); Randolph, NJ (2.4%); Mankato, MN (1.4%); Middletown, OH (1.2%); Bindlach, Bavaria, Germany (.53%); locations within continental U.S. (12.47%); N00019-16-G-0006; 23 Jan 2019
  - NAVAIR Patuxent River, MD
- manufacture various line items for initial spares acquisition for EMALS → work in Tupelo, MS; N00383-18-G-NA01; 6 Feb 2019, 1 March 2019
  - NAVSUP Weapon Systems Support, Philadelphia, PA
- demonstrate passive Missile Defense Agency configured MQ-9 in Ballistic Missile Defense System tests; HQ0277-I 7-C-0001; 6 Feb 2019
  - MDA Albuquerque, NM (HQ0277-17-C- 0001)
- EMALS integrated test and evaluation effort for test site operations, Failure Reporting Analysis & Corrective Actions System, prototype & testing, environmental qualification testing and remediation, electromagnetic interference testing, and training efforts → Lakewood, NJ (60%); Tupelo, MS (25%); Rancho Bernardo, CA (15%); N00019-16-G-0006; 11 March 2019
  - NAVAIR Patuxent River
- complete laser scaling and beam control critical design review for Low Power Laser Demonstrator risk reduction; HQ0277-18-C-0002; 26 March 2019
  - MDA, Albuquerque
- up to two Bearing Support Structure (BSS) inseparable assemblies in support of the Columbia-class program → Tupelo, MS; 3 Sept 2019
  - Naval Surface Warfare Center, Carderock Division, West Bethesda, MD (N00167-19-D-0006)
- various line items for initial spares acquisition in support of EMALS and advanced arresting gear → Tupelo, MS; N00383-18-G-NA01; 20 Sept 2019
  - NAVSUP Weapon Systems Support, Philadelphia

#### General Atomics (Huntsville, AL)

- Hypersonics Technology Demonstration Program support, engineering design, analysis, and test support re: Advanced Hypersonic Weapons Technology Demonstrator → Huntsville, AL; Albuquerque, NM; 30 Sept 2019
  - Rapid Capabilities & Critical Technologies Office, Redstone Arsenal (W50RAJ-19-C-0001)
